

TR09 Expert Workshop

- **FMEA / IQ-RM:
Expanded features, variants, tips & tricks, adjustment options, ...**
- **Process flow diagrams**
- **Control Plan**
- **IQ-Client and central CARM Server**
- **FMEA and Requirement Management**

After being used successfully for more than 20 years by a large number of companies operating both domestically and internationally, the APIS IQ-Software now offers a very extensive and comprehensive range of functions and features. Pinpointing the core functions and the underlying principles makes it much easier to successfully use the software.

Databases without redundant data enable consistent and efficient working in different documents, in particular FMEA, CP and PFD, without any need for subsequent reconciliation (CP = Control Plan; PFD = Process Flow Diagram).

Target group	The seminar is intended for people who are responsible for or handle FMEA processes, and is also designed for FMEA moderators. (Users of APIS IQ-FMEA, APIS IQ-RM)
Previous knowledge	Knowledge of the methodology and experience in the use of FMEA processes according to VDA and AIAG, as well as knowledge of the operation of APIS IQ-Software. This knowledge is taught e.g. in the FMEA methodology training course (TR01) and the basic IQ-Software training course (TR02).
Seminar duration	2 days

General Terms of Business of APIS Informationstechnologien GmbH

Registration

All registrations for our seminars must be received in writing – by letter, fax or e-mail. By registering for one of our seminars, customers agree to be bound by our General Terms of Business.

Due to the limited number of places available for our seminars, they are awarded on a "first come, first served" basis. Registrations only become effective once they have been confirmed in writing.

If the minimum number of participants is not attained for a particular seminar then we will notify you immediately and offer an alternative date if required.

Cancelation

A cancelation fee of 20% of the attendance fee is payable if cancelation notification is received between 8 weeks and 2 weeks before the start of the seminar. If the cancelation is received less than 2 weeks before the start of the seminar then the full attendance fee is payable. We appreciate your understanding in this matter. However, it is possible to appoint a substitute participant by arrangement. You will be notified immediately if an event needs to be canceled.

In all cases the liability of APIS Informationstechnologien GmbH is limited exclusively to the attendance fee. The course instructor and the seminar program are subject to change without notice.

Fees

For details of our seminar fees, please refer to the list of seminar dates and fees. All prices are quoted per participant and are subject to VAT. The seminar fee is payable without deductions after the invoice is issued.

Scope of Validity

These General Terms of Business apply to the running of seminars and training courses in the training facilities of APIS Informationstechnologien GmbH and in external training facilities. Any changes will only be valid if they are agreed in writing.

Data Protection

By registering for a place on one of our courses you agree to your data being electronically stored and processed for the purpose of dealing with your registration.

Teaching Materials

All rights reserved worldwide. The training documents must not, even in the form of excerpts, be duplicated, passed on, re-written, saved in a database or translated into a different language without the express written authorization of APIS Informationstechnologien GmbH. Duplication is not permitted either electronically, mechanically, magnetically or manually.
